Survey on small-scale urban and peri-urban livestock systems in Angiang province

Ngo Thuy Bao Tran

Department of Animal Husbandry and Veterinary, Agriculture and Natural Resources Faculty, Angiang University, 25 Vo Thi Sau, Long Xuyen City, Vietnam.

Acknowledgements

The studies in this thesis were carried out in Long Xuyen city and Chau Doc Town of Angiang province, Vietnam with financial support from the Department for Research Cooperation with Developing Countries (SAREC), presently a part of the Swedish International Development Cooperation Agency (SIDA).

I would like to express my deep gratitude to Assoc. Prof. Dr. R. Brian Ogle, International coordinator of the SAREC project, my supervisor, who helps me with valuable advice, corrections and criticism, which made it possible to accomplish this work.

I also wish to express my sincere gratitude to:

Professors and lecturers of this course who gave me their useful knowledge and technical assistance.

Dr. Luu Trong Hieu, Dr. Ngo Van Man, Mr. Nguyen Van Cong (Agriculture Forestry University); Prof. Vo Tong Xuan, Mr. Vo Tong Anh (Angiang University) who gave me the opportunity and encouraged me during this course.

My colleagues of Agriculture and Natural Resources and Research and Rural Development Center of Angiang University who encouraged and assisted me during the course, especially Miss Phan Ngoc Duyen, Miss Cao Thi Luyen, Miss Nguyen Thi Ngoc Giang, Mr. Tran Van Khai, Mr. Pham Xuan Phu and two students Tran Xuan Long and Nguyen Lam Truong for their great help in the survey and accomplishing the research.

The officers from Agriculture and Rural development Department, Environment Department, Trade and Tourist Department, The Extension station of Long Xuyen city, slaughterhouse of Long Xuyen city and Chau Doc Town, The office of Agriculture in Chau Doc Town for their providing information.

The ward and commune officers in My Xuyen, My Phuoc, My Thoi, Binh Duc ward and My Hoa Hung commune in Long Xuyen city; Chau Phu A, Chau Phu B, Nui Sam ward and Vinh Nguon commune in Chau Doc Town who cooperated and assisted me in carrying out this research.

My classmates on the MSc. courses from Vietnam, Cambodia, Laos and Thailand for their friendship.

My family for their love, encouragement and support to me. Particularly, my husband Pham Xuan Phu who encouraged, helped, inspired me during the course.
